* * * * *

PLEASE NOTE: WE DO NOT PLACE CONTAINERS ON CURB STRIPS OR IN PARKING LANES. THEY MUST BE LOCATED ON YOUR PROPERTY, AND YOU MUST OWN THE PROPERTY. ALSO, WE DO NOT "JUMP" CURBS.

TELEPHONE THE ABOVE NUMBER TO ORDER DUMPSTERS. DELIVERY IS USUALLY TWO BUSINESS DAYS AFTER ORDERING. THIS IS ALSO THE NUMBER YOU PHONE ONE BUSINESS DAY PRIOR TO THE DAY YOU WISH IT DUMPED AND/OR REMOVED.

ANY CONTAINER MUST BE DUMPED AT LEAST 1 TIME EACH MONTH -- FEE BILLED EVEN IF NOT DUMPED.

SPECIAL INSTRUCTIONS/TEMPORARY CONTAINERS - 2010

1. Use of a temporary container does not displace regular refuse service. Regular household refuse is not permitted in temporary containers.
2. The container must be placed on the customer's property with a minimum space of 10'x10' available for front load containers. Containers cannot be placed in the street, in the parking strip or on the sidewalk. If a customer requires a container to be placed in a parking strip, an obstruction permit must be obtained from, and receipt confirmed by, Public Works (509-625-6300) prior to delivery.
3. No refuse truck is permitted to "jump" curbs; an apron or curb cut must be used. The container must be placed on a firm and level surface. As a condition of service, container location requires City approval and a signed Damage Release Form must be on file at Solid Waste Management.
4. A \$24.00 delivery charge is billed to the owner's City utility account when the container is placed. To avoid container damage, the City must do location changes, and a \$24.00 charge may be applied. Container damage is the customer's responsibility, and the customer must pay for all costs for repair or replacement, except only if due to City fault. **Customer must always use the safety chain on rolloff containers to prevent damage.**
5. The disposal/dump rate for a temporary front load container is \$25.89 per cubic yard. The disposal rate for rolloff containers is \$98.00/ton at W.T.E., \$103.00/ton at the transfer stations, with a maximum of 10 tons. We haul to the closest place. It is charged to the owner's City utility account. If a refuse only account is required, arrangements must be made prior to delivery with Utility Billing (509-625-6000).
6. The container must be accessible for pick up by the commercial refuse truck by 6:00 am. Snow must be shoveled and cars kept clear. A return trip charge of \$24.00 is assessed if we must return to dump a container that had been scheduled and not dumped for any reason not the City's responsibility. If the delivery truck is required to move/pull out a front load (3-6 yd) container for the refuse truck to dump, a \$24.00 "pull out" fee is charged in addition to the disposal/dump charge. Accepting delivery of the dumpster(s) infers acceptance of these additional charges as deemed necessary by City personnel.
7. Rent is \$1.91 per day for a front load temporary container. Rolloff containers are \$3.82 per day. This fee is charged to the owner's City utility account.
8. Use of a temporary container is limited to 120 days maximum. After 120 days, the container may be removed from the customer's premises after reasonable attempts are made to contact the customer.
9. Phone (509) 625-7956 for dump service. All requests for dumps require one business day advance notice (before 3 PM please). While the City will always attempt to work within the customer's schedule, time of day requests cannot be guaranteed. A temporary container must be dumped at least once per month, except if a container contains food, vegetable, animal or other putrescible wastes, the City requires dumping at least weekly. Be sure to indicate if you want it returned to you or if you are finished with it.
10. The contents of a front load container are limited to 1/2 ton for a 3yd, and 1 ton for a 6yd total weight and items less than 4' long. The contents must be able to fall freely from the container and the lids must be able to close. Any debris extending above the top of the container will be charged at a rate of \$25.89 per cubic yard with a minimum charge of \$25.89. Roll off containers may not have debris extending above the top rim of the dumpster. Such overfilled containers will either be brought into compliance (at a charge of \$112.80 per hour with a minimum charge of \$28.20) or not hauled until brought into compliance, at the driver's discretion.
11. Customers are cautioned that refuse trucks and equipment can be heavy. Any conditions susceptible to damage (e.g. driveway, curbs, lawn, sprinkler systems, shrubbery, etc.) by delivery, placement or dumping of a container must be disclosed to the City in writing at or before the time of delivery. The customer waives all claims for property damage or other loss, injury or claim against the City arising out of the delivery, removal, or use of said container. The customer similarly agrees to indemnify and hold harmless the City against all loss or liability from risks or claims arising from container location or placement.
12. Customer accepts risk and responsibility for any illegal or illicit dumping.
13. A delivery charge accrues for cancellation of a container delivery request on less than 24 hours notice.
14. Signing the attached Damage Release Form acknowledges receipt and understanding of these instructions and a willingness to comply with same. Dumpsters will not be delivered without a signed D.R.F. on file.
15. **No hazardous materials or material containers may be placed in the dumpsters. This includes anything that has, or had, Freon gas (refrigerators, freezers, etc.) Please PHONE US WITH QUESTIONS.**
16. **No computers, televisions or monitors (CRT's) may be disposed of in dumpsters. Please call us if you would like the phone numbers of Recycling Centers.**

Front load containers: 3 and 6 yard

Rolloff container: 20/30 yard

HERE ARE SOME THINGS TO KNOW WHEN RENTING A TEMPORARY DUMPSTER:

- Delivery time is 1 business day (for the 3 yard and 6 yard) and 2 business days (for the 20 yard and 30 yard) *after* we receive the completed Damage Release form.
- Deliveries, dumps & removals occur between 6 a.m. and 2 p.m. Monday through Friday.
- There is a two-day minimum rental time. We cannot drop off & pick up on the same day.
- Please **call one day in advance** to have it dumped (509-625-7956).
- You CAN call after hours and on weekends and leave a message for next day or Monday service – be sure to leave your address!
- When you call please specify if you want the container emptied and left to fill again, or emptied and removed.
- Make sure cars are out of the way on delivery day.
- Make sure cars are out of the way on pickup day.
- Make sure the lid is down all the way on pickup day.
- Do not dispose of chemicals or large appliances in the dumpster.
- You may be charged additional fees for things such as extra garbage or labor time if the container is overloaded, driver wait-time if the container is not ready when we arrive, or a pullout fee if dumpster cannot be reached by the regular garbage truck. By returning the completed form, you authorize and agree to all charges, whether known to you or not.
- All dumpster charges will be applied to your City of Spokane monthly utility bill for garbage, sewer and water. Your account must be current to rent a dumpster.

[If you have any questions, please call us at \(509\) 625-7956.](tel:5096257956)
